THERE WILL BE NO SAME-DAY DISCONNECTIONS. ALL DISCONNECTIONS WILL BE MADE NO EARLIER THAN THE NEXT BUSINESS DAY FROM RECEIPT OF DISCONNECTION REQUEST.

Please read the following carefully and provide appropriate information as required:

Do you wish to have the account canceled or simply have the water turned off temporarily?

Closing the account will mean that before the water service is restored, a new application must be completed and proof of residency (real estate closing papers, deed, rental agreement/lease) will be required.

Temporarily turning the water off will keep the current account active, but the water will be turned off at the main meter and therefore, not charged for any water consumption. This option will also still be billed for the base rate of the utility services as applicable:

- \$17.50 per month for water
- \$19.25 per month for sewer
- \$11.99 per month for trash/per can
